Monday 30th March 2020

Dear Parents and Carers,

As promised, I have been doing some more research to make some further recommendations for websites, activities and fun ideas that you might wish to use whilst your child is learning at home.

As ever, please do not feel that you have to use any of these resources – they are there as an option rather than a necessity.

Can I also remind you that we have also developed a SharePoint site with more resources for parents to use with their children. If you would like to join the site, please email onlinelearning@asst.org.uk.

Just a reminder – if you are using any YouTube links and videos to help your child with their learning, please be aware that adverts can pop up when you are least expecting them to! We would advise that your child uses YouTube with your supervision to keep them safe.

With regards to Online Safety, you will be receiving a separate letter with information about how you can sign up to the National Online Safety Hub for free. This website offers you the chance to complete a parental Online Safety course for free and also gives you access to a range of information sheets about the latest social media channels and games (e.g. Houseparty).

Please know that we are thinking of each and every one of you during these challenging times and hoping that you and your families are keeping safe and well.

As ever, thank you for your continued understanding, support and co-operation,

Mrs H. Hunt

Head of School

Stradbroke Church of England Primary School is part of the All Saints Schools Trust.

A charitable company limited by guarantee.
